## WILL CONDUCT WORK ON BIG RESERVATION

**A. M. Riley Now General Manager At  
Neopit—R. J. Riley Also Gets  
Good Appointment**

A. M. Riley, of this city, received  
word from Washington, D. C., last  
week of his appointment as general  
manager of government operations on  
the Menominee Indian reservation  
with headquarters at Neopit. His  
son, R. J. Riley, has also been ap-  
pointed to the position of logging  
superintendent on the reservation.  
Both departed for Neopit, Monday,  
where they have commenced their  
respective duties.

There is at present employed on  
the Menominee reservation, in the  
woods and mills, crews numbering ap-  
proximately seven hundred men. Six  
large camps are now in full opera-  
tion and it is estimated that the  
total cut of timber for the winter  
will reach about fifteen million feet.  
The logging outfits in use on the  
reservation are the finest to be  
found anywhere in the northwest,  
the government expending vast sums  
on modern machinery and equipment.

At Neopit is located the sawmill,  
a large double hand plant with a ca-  
pacity of 175,000 feet, running both  
day and night. About 15,000,000 feet  
of logs are now on hand waiting to  
be cut. There is also at Neopit a  
fine planing mill and a sledge and  
lath mill.

**Is Well Known Logger**

A. M. Riley, the new general man-  
ager on the Menominee reservation,  
is numbered among the well known  
loggers of northern Wisconsin. For  
many years he has been superintend-  
ent of operations for various lumber  
concerns and is a thorough and prac-  
tical woodsman. Until a few weeks  
ago he was in charge of the exten-  
sive interests of the Atwood Lumber  
& Manufacturing Company at Park  
Falls. That he is perfectly capable  
of assuming the duties and responsi-  
bilities of his new position there is  
no doubt.

R. J. Riley has been associated  
with his father in woods work for  
some time and has a complete insight  
into every branch of the business.  
The appointments carry with them  
good salaries. Both gentlemen  
will move their families from this  
city to Neopit.

James Stewart, who now holds  
a position in the office of the At-  
wood Company at Park Falls, has  
resigned to enter the employ of the  
government under Mr. Riley. Earl  
Riley will also probably be given a  
position at Neopit.

## MAKES THE FURNITURE WALK.

**Little Portland, Ore., Medium Once  
Lived at Saxon Village.**

The house formerly occupied by J.  
P. Sanders in the little town of Sax-  
on, is the center of interest and of  
much speculation.

Sanders now lives in Portland, Ore.  
A few days ago his household furni-  
ture was seized with a fit of way-  
wardness and without the slightest  
warning began walking hither and  
yon from parlor to kitchen and back  
again, while the dishes and family  
silver hurled itself madly about the  
shelves and drawers.

Citizens of Saxon, now recall instan-  
ces of that kind which happened in  
bygone days when the Sanders fam-  
ily were residents of that community  
and accept the Portland story with-  
out the slightest hesitation.

Little Ernest Harps, a grandson of  
Sanders, is said to be the cause of  
proper relations between himself and  
it all. He is said to possess the pow-  
ers of a medium and demonstrations  
of frivolity on the part of the furni-  
ture are said to be manifestations  
of a spiritual force which works  
through him over which he has no  
control.

With the departure of the Sanders  
family for the far west the strange  
phenomena was forgotten, but the  
recent manifestation in Portland has  
made the house once more a center  
of interest.

Scarcely a week passes but what  
Manager Bellie does not receive  
letters from base ball players who  
are seeking positions on the Rhine-  
lander team for next season. The  
manager says he will experience no  
trouble in engaging a list of good  
players and will have a team in 1910  
that will open the eyes of the fans.

## THEY OBSERVED HALLOWE'EN

**Young Folks Were Out in Full  
Force Saturday Evening**

Sunday, the last day of October,  
was Halloween but the event was ob-  
served by the young people of the  
city on Saturday night. The little  
mischief makers were out in full force  
but they confined their operations to  
harmless pranks and did not commit  
any serious depredations. All of the  
windows in the business section of  
the city were "soaped up" and Mon-  
day proved a busy day for the win-  
dow washers. As a little pure soap  
does no harm, and many of the win-  
dows needed cleaning anyway, the  
merchants took the joke in good part.

The young folks are displaying  
more judgment in the observance of  
Halloween during the late years and  
no longer find amusement in destroy-  
ing property and doing other acts of  
lawlessness. Wood piles are now safe  
from being toppled over and gates are  
not taken off their hinges and car-  
ried away.

There were many ghost and for-  
tune telling parties given in the city  
Saturday evening and a pleasant  
dancing party was held at Gilligan's  
hall.

## WOUNDED MAN STILL ALIVE; MAY RECOVER

**Andrew La Fave, Shot By Geo. Bacon,**

**Reported Improving—More  
Details of Case**

Latest reports received from Ocon-  
to state that Andrew LaFave, the  
young man who was shot by George  
Bacon of this city, is resting easy  
and the chances appear favorable for  
his recovery. LaFave sustained a  
serious injury, the bullet piercing his  
lungs.

More complete particulars regard-  
ing the shooting have reached this  
city since the last issue of the New  
North.

Bacon, it is said, went to LaFave's  
home in the town of Oconto Falls  
and acted very friendly, cheerfully  
greeting the members of the family.

He invited LaFave to take a walk.  
At first the young man declined to  
accompany him but after being fur-  
ther persuaded finally decided to go.  
After the two had walked down the  
road for a short distance, Bacon said  
to LaFave, "You have a lot of dust  
on your back. Let me brush it  
off." He stepped behind LaFave,  
pretending to brush the back of his  
coat, and at the same time pulled his  
revolver and fired, the powder turn-  
ing the coat and the bullet passing  
through his clothing and body. He  
then fired a second time, but mis-  
seded. LaFave managed to walk to  
a residence near by, and a team was  
hitched up and the injured man taken  
to his home.

Bacon was immediately placed un-  
der arrest on a charge of assault  
with intent to commit murder. His  
hearing was set for November 2.  
But the result of the proceedings has  
not been learned here. On his arrest  
the man's bonds were fixed at \$2,000,  
wardness and without the slightest  
warning began walking hither and  
yon from parlor to kitchen and back  
again, while the dishes and family  
silver hurled itself madly about the  
shelves and drawers.

The case is one that attracts no  
little attention in Rhineland as both  
principals are well known here.  
**No Cause For Shooting.**  
From a recent issue of the Oconto  
County Reporter the following is  
taken:

LaFave has always borne an excel-  
lent reputation—much better than  
Bacon—and denies absolutely any im-  
proper relations between himself and  
Mrs. Bacon, and says he had hardly  
spoken to her except in the presence  
of her husband, that he left Rhine-  
lander, he supposed, on friendly  
terms with Bacon, and has no idea  
of any cause for the shooting.

## MAY GO TO TWO RIVERS

Two Rivers is after the Mollie  
Typewriter Company and a special  
meeting of the merchants and man-  
ufacturers' association was called at  
which the machine to be marketed  
by the company was submitted and  
the proposition discussed.

The New North of last week sug-  
gested that the citizens of Rhineland  
make a move to secure this fac-  
tory but it now looks as though the  
plant will go to Two Rivers. Many  
other cities in the state were after  
the concern, the business men offer-  
ing to invest in the capital stock.

## HIGH SCHOOL TEAM WINS ANOTHER GAME

**By A Score of 6 to 0 Picked Team  
Meets Defeat at Hands of  
Lite Whirlwinds**

A foot ball team composed of for-  
mer High school students and other  
young men of the city was defeated  
by the regular High school eleven  
last Saturday afternoon. 6 to 0 was  
the score.

The game was an interesting one  
except for the picked team's slowness  
in starting plays. This was due to  
the fact that they had no signals and  
had not spent any time at practice.  
Had the team been in good form on  
catching and throwing forward pass-  
es the High school boys might have  
lost the game. Their opponents were  
much heavier to the man and this  
advantage in weight proved a hin-  
derance.

The High school team would prob-  
ably not have scored except on a  
fluke. Brown intercepted a forward  
pass and run nearly to the oppo-  
sents' goal before being downed. From  
this location it was an easy matter  
for Rutz to carry the ball over for  
a touch down.

In the second half Mooley played  
tackle against Wilcox and several  
long gains were realized through the  
hole he made in the High school line.  
Had there been another minute to  
spare the picked team would no doubt  
have scored. In this half the play-  
ing was entirely in High school ter-  
ritory.

The line ups of the two teams was  
as follows:

High Schools	Picked Team
Saxon	C. Smith
Millington	G. Birch
Madison	G. De Pau
Wisco	T. Moody
Fennell	T. Moore
Redford	E. Caldwell
LaFave	E. Taylor
Reed	G. H. Hines
Brown	R. H. B. Vaughan
Rutz	L. H. B. Sanderson
Lally	F. B. Segerstrom

Many spectators were in attend-  
ance at the game and all were de-  
lighted with the excellent showing  
made by the staunch little High  
school aggregation. Considering its  
weight the team is one of the fast-  
est in Wisconsin and has a fine  
chance of winning the state cham-  
pionship.

## COUNTIES WILL NOT SHARE

An opinion of great interest to  
every county in the state was hand-  
ed down at Madison by Atty. Gen-  
eral Gilbert to State Game Warden Geo.  
W. Rickman, who had asked for it.  
The decision holds that it is uncon-  
stitutional to pay into the county  
treasuries one third of the fines  
assessed for violation of the fish or  
game laws and hereafter the entire  
amount will go to the state, except  
in cases where violations are report-  
ed by private citizens, who then re-  
ceive one third of fund as a reward.

Furthermore it was held that de-  
puty game wardens, sheriffs and  
their deputies cannot receive one-  
third of the fine for acting as in-  
formers and prosecuting violators of  
the law, inasmuch as this is a part  
of their official duty.

The main feature of the opinion is  
the following:

The attorney general holds in for-  
mal that a share of the fines may be  
given to the informer, that the in-  
former must be other than the de-  
puty game warden, sheriff or his de-  
puties and that one-third of the  
amount is not an unreasonable amount  
to be paid such informer, that no  
share of the fines can be paid to  
those whose duty it is to enforce the  
game laws and prosecute violators  
thereof; that no part of the fines  
so imposed for a breach of the fish  
and game laws can be paid to coun-  
ties that being forbidden by a con-  
stitutional provision.

It is held that because part of the  
statute is unconstitutional it does  
not follow that the whole section is  
invalid.

## LOUGHLIN'S INVINCIBLE ARMY

A citizen of Minocqua hands us  
the following for publication.

It is the expression of the citizens  
of Minocqua in general, that if The  
Iron Duke of Wellington had had an  
army of men like Marshall Loughlin's,  
he would not only have con-  
quered Napoleon, but would have  
easily conquered the world.

## "DOCTOR" TILL IS BACK

**Famous Plaster artist Passes Through  
City Sunday Morning.**

Some excitement prevailed at the  
Soo depot last Sunday morning when  
the west bound limited arrived and  
it was learned that "Dr." John Till  
was a passenger on the train. The  
crowd of by standers on the plat-  
form attempted to crowd on the cars  
to catch a glimpse of the famous  
healer and it was necessary for of-  
ficer O'Malley to use his club in  
keeping the curious ones back.

"Dr." Till occupied a seat in the  
day coach and was sound in peace-  
ful slumber. He was noticeably well  
dressed and wore a large diamond  
pin in his shirt bosom. A pair of  
gold nose glasses hung from a chain  
on his vest. He has evidently pick-  
ed up a few pointers in high fash-  
ion during his sojourn in Europe. Till  
was enroute to St. Paul and it is  
not known whether he will return to  
Almena or seek a new location. At  
the time he went to the old country  
it was stated that he would not  
return to the United States, but the  
desire to make a little more easy  
money was evidently too strong for  
the "doctor" to overcome so he is a-  
gain in our midst with a batch of  
new plasters.

## HILGERMAN FAILS TO GET SALOON LICENSE

**Application of Breweryman Is Turned  
Down By Council On a Vote  
of 8 to 2**

At the regular monthly meeting of  
the City Council held Tuesday even-  
ing, the application of O. A. Hilger-  
man, proprietor of the Rhineland  
Brewing Company, for license to con-  
duct the Senate saloon on Brown  
street, was rejected by a vote of 8  
to 2.

The tendency on the part of the  
council at the present time is to  
be very conservative on the matter  
of granting liquor licenses. The  
members do not fail to investigate  
thoroughly the past record of an ap-  
plicant.

## Anderson Gets License.

The council granted a license to  
Chas. Anderson to open a saloon in  
the building on Thayer street former-  
ly occupied by Pat. Cain.

## DON'T MISS SEEING THESE

Motion picture films of the Minoc-  
qua bank robbery are now being  
shown in the electric theatres. The  
pictures were taken at the time of  
the hold up and give every detail of  
the thrilling scene from the time the  
bandits attacked the bank until they  
hastily strolled away with the mon-  
ey. It was the first time that a mov-  
ing picture camera had ever been  
seen at Minocqua and a large crowd  
was on hand to witness the machine  
in operation. Several times the pow-  
erful electric light necessary in  
securing the photographs became so  
blinding that the robbers were hind-  
ered in their work. They strongly  
objected to this and the "reception  
committee" composed of prominent  
Minocqua citizens severely censured  
the unhappy photographer for his  
carelessness in not providing a blind-  
er.

It is to be regretted that films  
were not secured of the "pitched bat-  
tle" between the desperados and  
deputies which occurred in the Hazel-  
hurst depot as this would have pro-  
ved a big feature.

## NEW MEMBERS APPOINTED

**Vacancies Are Filled On School and  
Library Boards.**

At the council meeting, Tuesday  
evening, the following were appointed  
members of the school board, S. D.  
Sutliff in place of A. L. Dunn, re-  
signed from the fourth ward, and O.  
A. Kolden from the sixth ward in  
place of W. V. Reed resigned.

The following appointments were  
made on the library board, Mrs. L.  
A. Leadbetter in place of Hans An-  
derson, who failed to qualify, and  
S. B. Gary in place of Doctor Hogan,  
who did not qualify. J. M. Baker as  
member from the common council in  
place of Charles Barnes, resigned.

#### A PUBLIC BENEFIT

Rhinelanders People Greatly Interest-  
ed in the Generous Offer of  
J. J. Reardon

The people have already demon-  
strated that they would rather trust  
a man who is naturally honest than  
one who is honest only because he  
has to be.

J. J. Reardon has a firmly estab-  
lished reputation for square dealing  
and sterling honesty. When they  
told the people that Rexall Remedies  
are the purest and most dependable  
medicines that it is possible for  
modern science to produce, and that  
they would tell the public what each  
one of these 300 or more remedies  
contained, and that they sold Rexall  
Remedies on their personal guaran-  
tee that they would give entire satis-  
faction or they would not cost the  
user a single cent, they were be-  
lieved.

Ever since this announcement the  
J. J. Reardon drug store has been  
largely patronized by people buying  
Rexall Remedies, all of which proves  
that this store has the confidence  
of the people and that honesty is the  
best policy.

There is no "cure-all" among the  
Rexall Remedies. There are differ-  
ent and separate medicines, each one  
devised for a certain human ailment  
or a class of ailments closely allied.  
For instance Rexall Dyspepsia Tab-  
lets are recommended for the posi-  
tive relief of stomach irritation, in-  
digestion, flatulence and dyspepsia.  
They are rich in Bismuth Subnitrate,  
Pepsin and Carminatives. They pre-  
pared by special process which  
perfect and enhance the great remed-  
ial value of these well-known medi-  
cinal agents. This remedy sells for  
25 cents, 50 cents, and \$1.00 per pack-  
age. Every one suffering from stom-  
ach disorder should try Rexall Dys-  
pepsia Tablets, inasmuch as they cost  
nothing if they do not satisfy.

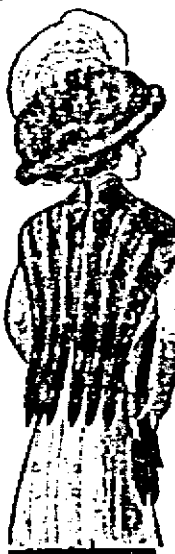

Remember, the J. J. Reardon Drug  
store is the only store in Rhineland-  
er where these remedies may be ob-  
tained, and every one in need of  
medicine is urged to investigate and  
take advantage of the frank and gen-  
erous manner in which they are sold.

#### HICK'S NOVEMBER FORECAST

Much Unpleasant Weather Is Prom-  
ised For this Month

A regular storm period covers the  
4th to the 10th, being central on 6th.  
If the barometer falls to low readings  
from about the 6th to the 10th, look  
for energetic storms of rain and wind,  
with dangerous gales over the lake  
regions. These disturbances will be  
attended by electrical storms to the  
southward while in the northwest  
sheet and snow will be probable. We  
believe that too much emphasis of  
possible danger on the lakes and also  
on the north Atlantic can hardly be  
given for this, and other November  
periods.

A reactionary storm period is cen-  
tral on the 12th, 13th and 14th. The  
conjunction of the moon with earth  
on the 13th naturally indicates that  
high temperature for the season, with  
low barometer and general storms are  
probable on and following that date.

A regular storm period is central  
on the 15th falling at the culmination  
of the Mercury period which is cen-  
tral on the 17th. From Tuesday the  
16th, to Sunday the 20th, is a time of  
vast storm probabilities especially on  
the oceans and the great lakes. This  
is a period in which Boreas will make  
a stubborn fight for domination in  
most parts of the northern hemis-  
phere. Early blizzards of snow and  
sleet need not surprise any reader of  
these forecasts in north and north-  
west before the final wind-up of this  
storm period.

A reactionary storm period is cen-  
tral on the 23rd, 24th and 25th. This  
period embraces the moon's passage  
across the equator on the 23rd and  
moon's perigee on the 25th. Fitful  
gusts of rain cold winds and occasion-  
al sleet and snow squalls will be gen-  
eral results sending in quite cold  
weather for Thanksgiving.

A regular storm period runs from  
the 27th into December being central  
on the 29th. This period enters with  
the full moon on the 27th. Falling  
barometer and brisk autumnal storms  
of rain and wind, turning to sleet and  
snow will be passing eastward across  
the country during the last three days  
of November.

Croup Cured and a Child's Life Saved  
"It affords me great pleasure to  
add my testimony to that of the  
thousands who have been benefited  
by Chamberlain's Cough Remedy.  
My child, Andrew, when only three  
years old was taken with a severe  
attack of croup, and thanks to the  
prompt use of Chamberlain's Cough

day he is a robust and healthy boy,"  
says Mrs. A. Cor, Jr., of San An-

GEO. LANGLEY TO LOG.

Geo. W. Langley has spent a few  
days in town, down from his logging  
camp on business. To a reporter for  
The Herald, Mr. Langley said that he  
would put in from 6,000,000 to 7,000,000  
feet of pine logs for the Bradley Co.,  
at Tomahawk. Mr. Langley has al-  
ready established his camp, and has  
over 500,000 feet on skids, ready to be  
hauled as soon as snow comes.

The timber is located on Rice river  
and the tract is one of the best stand-  
ing timber left in the state, mostly  
white pine and of good size.

Mr. Langley is one of the most ex-  
perienced loggers on the Wisconsin  
river, and starts out determined to re-  
coup his fortune. May he succeed

#### DOG'S LONG STARVATION

From Wausau comes the story of  
a pet dog that was shut up in a  
bath room for twenty-six and one-  
half days, living without food and  
water. The little animal is owned  
by a daughter of Thos. Givney, form-  
erly a resident of this city.

The family left Wausau on Sept.  
29 for a visit with relatives in Rhineland-  
er and supposed they had left  
the dog with a neighbor, but it got  
shut up in the bath room. On their  
return home last Tuesday, the daugh-  
ter found the dog. On opening the  
room door, the little fellow, possess-  
ing some tricks, raised on its hind  
feet and waltzed before its mistress  
in perfect animal delight. The ef-  
fect of its enforced starvation, how-  
ever, was plainly visible, as where-  
as it had been plump and chubby,  
it was then but a shadow its ribs  
showing in its sides.

#### NOTICE OF SALE

I will sell on reasonable terms  
of payment to the highest and best  
bidder the homestead formerly oc-  
cupied by Frank Sayner and located  
near the factory of the Rhineland-  
er Refrigerator Company in the  
South Park Addition to the City of  
Rhineland. This is a large, mod-  
ern, well built, and beautifully lo-  
cated house, with about an acre of  
land as a site. It would probably  
cost six thousand dollars to build  
such a home as this at the present  
time. Bids will be received by me  
by mail at Madison, Wisconsin, at  
any time prior to December 15, 1909.  
This property will be sold if a  
reasonable offer therefor is made,  
but I reserve the right to reject any  
bid that in my judgment is unrea-  
sonably low.

Dated, October 23, 1909.

Trustee for Creditors,

## The Best Food for Workers.

The best food for those who work with hand or brain is never high priced.

The best example of this is found in Quaker Oats. It stands at the top among foods that supply nourishment and vigor, without taxing the digestion, and yet it is the least expensive food one can eat.

This great food value and low cost make it an ideal food for families who want to get the greatest good from what they eat.

Laborers, factory or farm hands, fed plentifully on Quaker Oats will work better and with less fatigue than if fed on almost any other kind of food. All of these facts were proved and very interesting information about human foods were gathered by Professor Fisher of Yale University in 1903. In addition to the regular package Quaker Oats is packed in large sized family packages either with or without china dishes.

For the Season of Long Evenings.

There are no lonely winter evenings in the homes where The Youth's Companion is a weekly visitor, and there need be no idle hours. The variety of the paper's contents appeals to every member of the household, and before one issue is exhausted the next is waiting at the post office. During the winter season The Companion prints nearly a hundred complete stories of considerable length, besides the absorbing serials, some 25 articles by men and women of renown, and about twice as many short character and humorous sketches as there are winter nights. Such an article as "Winter Gardening" suggests an interesting occupation which can be carried on in Alaska with snow twenty feet deep, and without the cost of a dollar. It is well "worth while" to read a paper so carefully and ably edited.

Send your subscription (\$18.75) at once so as to receive free all the issues of The Companion for the remaining weeks of 1909, as well as The Companion's "Venetian" Calendar for 1910, lithographed in thirteen colors and gold.

#### THE EXECUTION OF PROFESSOR FERRER.

If the Spanish authorities could have foreseen the storm of indignation which would be aroused, not in Spain only, but all over Europe, by the execution of Professor Ferrer on the charge of inciting the Barcelona rioting, they might well have concluded that mercy was the best policy. At Paris and Lisbon, at Rome and Florence, and even in cities ordinarily so staid as London and Berlin, there have been riotous demonstrations directed against Spanish embassies and consulates. In some instances the mobs creating these disturbances were composed doubtless of street ruffians and professional anarchists and revolutionaries, but they expressed also a general feeling of horror that a mild-mannered scholar and educator, who was regarded as at the worst only a philosophical anarchist, should have been condemned by a secret military tribunal and summarily put to death. This awful act may in the end overthrow the Spanish government and cause the death of the king.

#### AN INTERESTING DECISION.

The decision of Judge Anderson of the United States district court at Indianapolis in what is known as the Panama libel case is more than ordinarily interesting in its bearing upon the liberty of the press. The publishers of the Indianapolis News were charged by the United States government with printing libelous statements regarding the purchase of the Panama canal. The effort was made by President Roosevelt to take them to Washington for trial, on the ground that, as copies of the paper were sold there, the paper was virtually published there. This contention Judge Anderson refused to sustain, and he dismissed the case, ruling that the paper was published at Indianapolis, and there alone, and that the defendants could not be dragged from their homes for trial in the District of Columbia.

Had the government succeeded in dragging these defendants to Washington for trial, it would have been a repetition of the days when England dragged the colonists out of their homes to try them in England. We are glad Judge Anderson declared the attempt to force these men to Washington contrary to the constitution and its amendments.

Article VI, of the amendments of the constitution reads: "In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial, by an impartial jury of the State and district where the crime shall have been committed." We contend this attempted prosecution by Theodore Roosevelt one of the worst and most dangerous acts of his whole administration, and we rejoice in the broad construction of Judge Anderson.

*The Store That Sets the Pace. == Originators of Low Prices.*

Great Northern Railway estimates that the people who went West for the Flathead and Coeur d'Alene land lotteries paid the railroads \$12,000,000 for transportation.

His road got its share, and he says he is heartily ashamed of it. He wishes he could give the money back to the misguided unfortunates who let themselves be misled by the government's operations into thinking that there was independence and perhaps fortune ahead of them. All but a very small per cent of these adventurers were out their money and their time, and many of them were out the good jobs they left behind them.

A railroad president who talks this way is worth listening to. He shows the triumph of fairness and common sense over the immediate interest in profit and loss account. If a man who finds a sure profit in

the government land lottery schemes condemns them, isn't it about time that the department officials at Washington were waking up to the need of ending this wasteful, haphazard system and substituting something that won't injure the citizens who are led to think they will benefit by it?

Uncle Sam refuses to permit newspapers to print the results of home lotteries and still the government carries on the same scheme in its disposition of government lands and causes the suffering of thousands of poor creatures to the benefit of railroads.

#### INJUNCTION SERVED ON CITY.

The early part of the week, the Veneer Company served an injunction on the city not to proceed with the sewer which the city was laying across the Veneer Company's land.

The trench was dug and the sewer already laid when the injunction was served but there is a little filling to be done yet to protect the sewer pipes from frost. As the sewer is already laid this will probably be a case of damages. In the light of the past relationship of the city and the Veneer Plant, the outcome of this injunction will be watched with interest.

A special meeting of the Council is called for to-night to decide what shall be done on the city's part.

Have you bought a pair of those 60c kid gloves at Jacobson's?

#### DOGS NOT ALLOWED IN WOODS

It is well for the hunters of Oneida county to know that during the month of November no dogs are allowed in the woods. This is in accordance with a new addition to the game laws passed at the last session of the legislature. In past years it was unlawful to have dogs in the woods during the twenty days of the deer season. Warden Berg says that the new law will be enforced to the letter and the finding of dogs will result in the confiscation of the animals and the arrest of the owners.

#### IMPORTANT FOOTBALL GAMES

Last Saturday's games were a surprise to many. The decided defeat of Chicago University by Minnesota at Minneapolis was unexpected.

It was predicted that Stagg's team had an easy victory but they were outclassed throughout the entire

game, Minnesota defeating them by a score of twenty to six.

Wisconsin's defeat of North-Western at Evanston by a score of twenty to eleven was not all that Wisconsin fans had expected. It was thought that North-Western was a weak team. Saturday, Nov. 13, Wisconsin plays Minnesota at Madison. This will be one of the great games of the season and practically decides the Western championship. Of course, Michigan plays Minnesota Nov. 20, but Michigan is not a member of the Western league.

It is a fine thing that Michigan is going to play one of the strongest teams of the West as it will give a line up on the relative strength of the East and the West as Michigan wiped Syracuse, one of the strong teams of the East, off the face of the earth last Saturday, the final score standing forty two to nothing in Michigan's favor.

## Mrs. Sagerser, of Missouri.

### FACIAL NEURALGIA.

Mrs. C. S. Sagerser, 1311 Woodland Ave., Kansas City, Mo., writes:

"I feel it a duty due to you and to others that may be afflicted like myself, to speak for Peruna."

"My trouble first came after I caught cold or nine years ago, a gathering in my head and neuralgia. I suffered most all the time. My nose, ears and eyes were badly affected for the last two years. I think from your description of internal catarrh that I must have had that also. I suffered very severely."

"Nothing ever relieved me like Peruna. It keeps me from taking cold."

"With the exception of some deafness I am feeling perfectly cured. I am forty-six years old."

### END OF BEAUTIFUL LIFE.

Miss Elizabeth Rieschl Called By Death Last Evening.

Again has death, the silent messenger, visited the city and called from our midst one of our most lovable young people. The sad announcement that Miss Elizabeth Rieschl had passed away at an early hour Wednesday evening at St. Mary's hospital was received with the deepest sorrow by her many friends.

Miss Rieschl was taken suddenly ill ten days ago at the residence of Owen Leonard, on Pelham street, where she made her home. Her case was diagnosed as peritonitis and from the first her condition was considered as very grave. At times she showed feeble signs of improvement, but serious complications made their appearance against which medical skill and tender care could not battle. A few days ago, Miss Rieschl was removed to the hospital. Everything possible was done to lessen her suffering and sustain life, but all to no avail. The end came at a little after six o'clock last evening. Her sister, Miss Mayme Rieschl, was at her bedside.

Miss Rieschl had resided in Rhinelander three years, coming here from her home at Stevens Point. For the last two years she had held a position at Crusoe's Dept. store.

Miss Rieschl was a young lady of beautiful character, possessed of a kind and loving disposition. She was a devout believer in the Catholic faith and was a member of St. Mary's church choir. Her death is a real loss. She is survived by her parents, three sisters and two brothers.

The remains, accompanied by Miss Mayme Rieschl and Frank Leonard, were taken to Stevens Point for interment, this morning. A large number of friends gathered at the Soo station to pay their final respects to one whom they had held in such high admiration and esteem.

### WASHINGTON LETTER

There has been a popular misunderstanding in the east in regard to the situation in Wisconsin politics as it relates to Senator LaFollette's chances for re-election. The east affects the belief that the Senator from Wisconsin is certain to be retired because of the powerful and malign influences that are at work to bring about his undoing. No man in the United States Senate is so thoroughly hated and feared as is the senior Senator of Wisconsin. Other Senators have denounced the "System" and have hurled oratorical shafts but Senator LaFollette has delivered the goods. He has drawn an indictment and then produced the proofs to support it. He has a habit of coming into the Senate with an array of information in detail that confuses his opponents and throw them into consternation. He has been the most effective fighter for reform of any man that has appeared in public life for many years and it is all because of his thoroughness. Because of this fact he is to be retired if there is any possible way of doing it. But the latest reports from Wisconsin are all in his favor. A few months ago there was much talk in Washington that State Chairman Edmunds would oppose Senator LaFollette and that he would have the support of the Taft administration, a vast combination of corporate interests and the fragment of the old Stalwart wing of the Republican Party. This probably was the source of the opinion that gained headway that LaFollette could not be re-elected. The comment was frequently made that Wisconsin could be controlled by an expenditure of money and that there would be no limit to the amount of money that would be contributed by the interests to defeat LaFollette. In support of this view the case of Isaac Stephenson was cited as an illustration of what money could do, even in Progressive Wisconsin. Mr. Stephenson passed out the hint in Washington last winter that Senator LaFollette would be unhorsed and that he would contribute very liberally to that end. But the news that has been brought to Washington by a man entirely familiar with the situation in Republic politics of Wisconsin, a Stalwart, is that the Senator will have no opposition in the primary. Neither Edmunds nor any of the other men who have been put forward by the Stalwart guard appears willing to make the race. The only hope of defeating the Senator

and that appears to be a vague and nebulous hypothesis, is that a combination may be formed between Stalwart legislators and reactionary Democrats. The statement was made by this Wisconsin authority who has just returned from the state, that the next legislature would eagerly support a reactionary different but equally trustworthy stalwart source. But the better informed politicians have come to the conclusion that Senator LaFollette's reelection is assured and that he will take a position in Congress this winter let the cat out of the bag at that time and it got into the newspapers.

L. A. Pradt, formerly of Wausau, but who is now a claim attorney in Washington, jumped to the conclusion that he was the man referred to as having predicted such a political coalition and he carded the newspapers, ridiculing the suggestion. As a matter of fact Mr. Pradt was not the man and his name does not figure in the political gossip in Washington any longer. His contribution in the way of a disclaimer was not considered of enough importance at the time to invite a republican being cause it is the opinion of Wisconsin politicians generally here that whatever influence Mr. Pradt may have once needed in a local way at Wausau has long ago petered out now.

M. E. CHURCH NOTES

Next Sunday evening at the M. E. Church, Rev. Carl Ludwig, the pastor, will give an address on "The Life, Work, and Success of 'Gypsy Smith,' the modern 'John the Baptist.'"

No one man since the days of "Moody" has reached the masses with his clarion cry. "Thus saith the Lord," as this man has whom God called from a gypsy tent to the pulpit of a world cities and continents being his congregation. In the last great revival at Chicago this "Fisher of men" led more than 12,000 to a new and better life.

CANNOT BECOME CITIZENS

E. C. Sturdevant, clerk of the court, has received instructions from the department at Washington not to accept hereafter applications for citizenship from any people who were born in any of the countries of Asia. Heretofore Chinese were practically the only ones who were denied the right of citizenship, but under the new immigration laws it has been ruled by the department that any person coming from an Asiatic country cannot become a citizen of the United States. This new ruling shuts out the Japanese and other Asiatic inhabitants.

At LaCrosse one hundred Syrians were denied papers in compliance with the new law.

GIVEN POST CARD SHOWER

Chester Esselburn, who was one of the Rhinelander base ball team during the season of 1909 and part of 1909, was the victim of a postal shower on his twenty-fifth birthday, October 23. To his home at West Salem, Ohio, came sixty-three post cards many of them being from his friends in this city. He takes this method of thanking the Rhinelander boys for their kind remembrance.

The cards matter little,  
The words not at all.  
But the good will they carry,  
Indeed is not small.

MAY ROB OTHER BANKS.

Bandits Are Believed to Be Hiding in Northern Wisconsin.

The statement from George D. Bartlett, secretary of the Wisconsin Bankers' association, appearing in the Milwaukee Sentinel, that a new gang of bank bandits is operating in this part of the state has been corroborated by evidence turned over to him by detectives in the employ of the association.

He says that the blowing up of the bank in Minocqua on Oct. 29 and the bank in Reedsville the following day was the work of members of the same gang. There are nine members in the gang, Mr. Bartlett says:

"The new gang entered this state from Minnesota, where it did several jobs," said Mr. Bartlett on Thursday. "There are nine members in the gang. Four worked on one job and four on the other one. One of the gang is the lookout, the one who does the exploding and locates the banks."

"The gang now is in the northern part of the state, as evidence which we have received will show. I would not be surprised to hear of another bank being blown up in that section some dark night. They were traced to the northern part of Wisconsin by detectives in the employ of the association."

"We have good evidence as to the identity of the men, I believe that the opportunity is here for apprehending them."

WAS A DOUBLE WEDDING.

Misses Emma and Tena Kriesel Married Last Thursday.

At the home of the brides' parents Mr. and Mrs. Aug. Kriesel, 724 Thayer street, last Thursday, Miss Emma Kriesel was married to Louis Bassett and Miss Tena Kriesel became the bride of Alvin Maffet. Rev. John DeJong, of the German Lutheran church, performed the ceremonies. The respective couples were attended by Miss Josie Krutz and Herman Kriesel, and Miss Ida Krueger and Carl Langberg. Little Rena Kriesel was ring bearer and Edna Ziehl was flower girl.

At five o'clock, fifty guests partook of a wedding dinner at the Kriesel home. Those from out of the city were, Mr. and Mrs. J. Maffet, Thos. Langberg, Weyerhaeuser; Mr. and Mrs. Ed. Washburn, Bundy; Mrs. John Ziehl and daughter, Cloquet, Minn.; Bert Maffet, Park Falls.

Many costly wedding gifts were received and that evening friends of the young people favored them with a charivari. The crowd became so noisy that the north side hose company hurried to the scene expecting to find a fire.

The young ladies are popular among their friends and the best of wishes is extended to them and their husbands.

ROBBERS STILL AT LARGE

Although over two weeks have elapsed since the blowing of the safe in the bank at Minocqua the bandits are still at large.

Every clue which might lead to the possible capture of any of the fugitives has been carefully investigated by the officers, but up to the present time success has not rewarded their efforts. Suspects have been placed under arrest in various cities in northern Wisconsin, but none of these men have been identified as the bank robbers. In fact the authorities have only poor descriptions of the robbers and therefore it would be difficult to positively recognize any of the gang should they be taken.

No Case On Record.

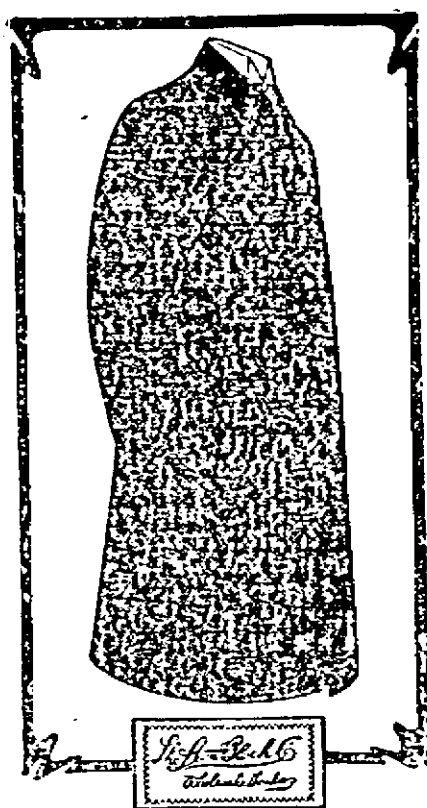

There is no case on record of a cough or cold resulting in pneumonia, or consumption after Foley's Honey and Tar has been taken, as it will stop your cough and break up your cold quickly. Refuse any but the genuine Foley's Honey and Tar in a yellow package. Contains no opiates and is safe and sure. J. J. Reardon.
